

Greater Flint RHIO

MISSION:

- Improve the healthcare system in the Genesee Medical Trading Area* through a sustainable Regional Health Information Organization that allows healthcare providers to electronically exchange and utilize patient health information in a timely, secure manner to improve patient care.

* *The Genesee Medical Trading Area (MTA) encompasses Michigan's Genesee, Lapeer, and Shiawassee Counties*

Greater Flint RHIO

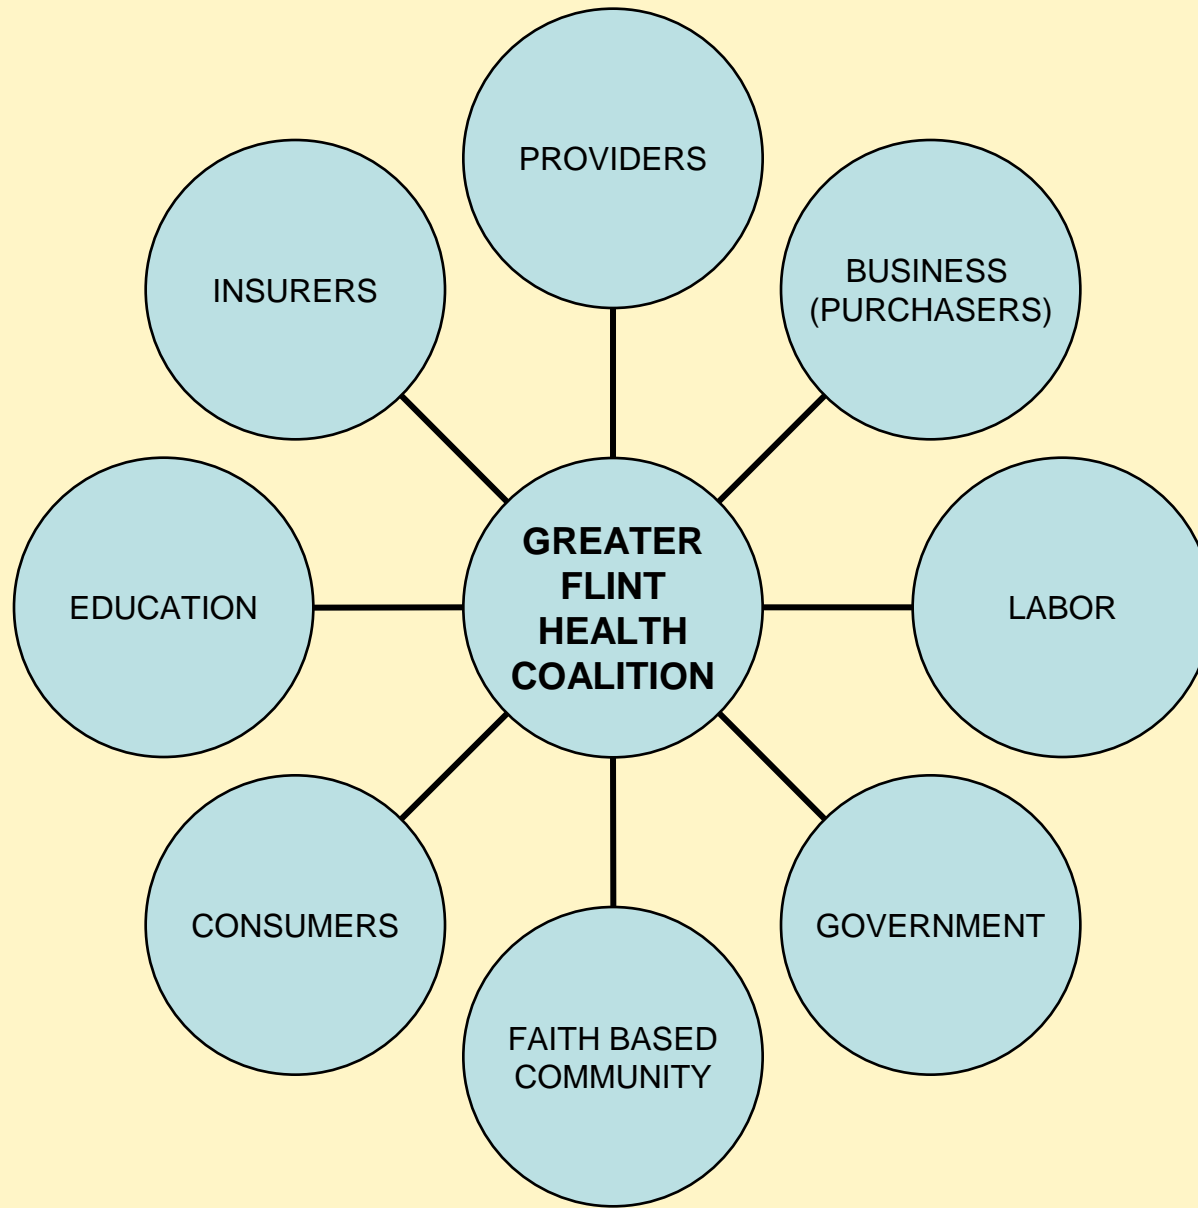

VISION:

- Through a collaborative approach to health care, the Greater Flint RHIO will provide a bridge as a trusted third-party working to electronically link all healthcare providers in our region to ensure the use of shared patient information to:
 - Improve the quality, safety, and efficiency of timely, coordinated patient care
 - Create an integrated, patient-centric community healthcare system
 - Improve health status
